PAGE

ABDOMINAL conditions, diagnosis from right-sided pleurisy - - - - 201
— origin of phrenic shoulder-pain (*see also* Phrenic Shoulder-pain) - - - 198
Abnormalities in anatomy of bile tracts (*see* Bile Tracts)
— of fixation of the ascending colon (*see* Colon)
Abscess, hepatic, phrenic shoulder-pain and 193
— retropharyngeal, chronic, diagnosis of branchial cyst from - - - - 571
— subphrenic, phrenic shoulder-pain and - 193
— tuberculous, branchial cyst and - 565, 570
Abscesses, localized, in right iliac fossa - - 527
— in spinal caries - - - - - - - 377
Accessory bile-ducts, types - - - - - 513
— cystic artery - - - - - - - 511
Acephalous embryoma in ovarian cyst - - 335
Achlorhydria, effect of gastro-enterostomy on 405
Achondroplasia and diaphysial aclasis - - 564
Acidity of stomach in atonic dyspepsia - - 559
— — chronic duodenal ileus - - - - - 503
— — duodenal ulcer - - - - 408, 410
— — effects of gastro-enterostomy on 403, 405, 410
— — in gastric ulcer - - - - - 407, 410
— — normal - - - - - - - - 406
— — in pyloric ulcer - - - - - - 409
Acini of breast, hyperplasia of connective tissue round - - - - - - 443
— — in peri-acinous and pericanalicular fibro-adenoma - - - - - - - 449
Aclasis, diaphysial, and achondroplasia - - 564
— — case of - - - - - - - - - 562
Acormous embryoma: a hydrocephalic fœtal head in an ovarian cyst in a child: ovariotomy - - - - - - - 334
Actinomycosis, life-history of organism in - 461
— of the right iliac fossa - - - - - 456
— — — — appendicectomy and - 456, 461, 462
— — — — appendix or cæcum the site of infection - - - - - - 457
— — — — diagnosis - - - - - - 461
— — — — nomenclature - - - - - 456
— — — — pathology - - - - - - 457
— — — — potassium iodide in - - - 462
— — — — prognosis - - - - - - 463
— — — — pyæmia in - - - - - - 459
— — — — reports of cases - - - - 463
— — — — sex incidence - - - - - 461
— — — — sulphur granules in diagnosis of 461
— — — — treatment - - - - - - 462
— rural occupations and - - - - - 460
— of thoracodiaphragmatic junction, phrenic shoulder pain and - - - - - 195
Adenitis, cervical tuberculous, branchial cyst and - - - - - - - 565, 570
Adenomatous form of thyroid disease, diagnosis from exophthalmic goitre - - - - 360
Albee's method of spinal fixation - - - 374
Alcohol injection into Gasserian ganglion followed by widespread cranial nerve paralysis and the loss of an eye - - 573
Anæmia, pernicious, carcinosis of bone-marrow and - - - - - - - - - 240
Anæsthesia in operation for hydrocephalus - 184
— — pharyngeal diverticulum - - - - 84
— subtemporal decompression - - - - 110
ANDERSON, JOHN H.: Abnormalities of the duodenum - - - - - - - - 316
Aneurysm, diagnosis of branchial cyst from - 571

PAGE

Angulated type of ascending colon - - - 536
— — — — relation of symptoms to - - 540
Animals, absence of gall-bladder in - - - 350
Ankylosis complicating congenital dislocation of the hip - - - - - - - - 34
Anus, prolapse of ileum through - - - - 299
Appendicectomy and actinomycosis of right iliac fossa - - - - - 456, 461, 462
— suprapubic drainage in - - - 525, 526
Appendicitis, acute, best methods of drainage 523
— — — time for operation - - - - - 520
— — cases of generalized infection - - 524
— — delayed operation in - - - - - 521
— — — — advantages - - - - - 522
— — fæcal fistula complicating - - - 525
— — incisions for - - - - - - - 523
— — localized abscesses - - - - - 527
— — mechanical intestinal obstruction complicating - - - - - - - - 525
— — observations on the treatment of - - 520
— — operation within twenty-four hours in - 520
— — secondary hæmorrhage complicating - 526
— — treatment of, summary - - - 528
— diagnosis from duodenal ulcer - - - 200
— phrenic shoulder-pain and - - - - 194
Appendix epiploica, enlarged, attached to sigmoid colon - - - - - - - 156
Appendix as site of infection in actinomycosis of right iliac fossa - - - - - 457
Arachnoid villi, cerebrospinal fluid and - - 167
Areola, mammary, disease of - - - - - 1
Arterial duodenal ileus - - - - - - 544
— — — treatment - - - - - - 546
Arteries met in gall-bladder surgery, abnormalities of - - - - - - - - 511
Arteriosclerosis and gastritis polyposa - - 230
Arteriosclerotic changes in osteo-arthritis - 66, 73
Artery, axillary, thrombosis of, causing Volkmann's paralysis - - - - - - 478
— carotid, branchial cyst and - - - - 567
— mesenteric, traction of ascending colon on 543
— and nerve diagrams in *Fabrica* and *Epitome* of Vesalius - - - - - - - - 401
— subclavian, ligature of (*see* Subclavian Artery)
'Arthrite sèche' - - - - - - - - - 76
Arthritis complicating congenital dislocation of the hip - - - - - - - - 33
— rheumatic, of hips - - - - - - - 487
— rheumatoid, chondro-osteophytes in - - 64
— — differential diagnosis from osteo-arthritis 76
Arthrodesis in osteo-arthritis - - - - - 79
Arthroplasty in osteo-arthritis - - - - 78
Articular cartilage (*see also* Osteo-arthritis)
— — applied anatomy and physiology of - 53
— — changes in osteo-arthritis - - - - 60
— — cysts in - - - - - - - 61, 66
— — development of - - - - - - 55
— — effects of trauma on - - - - - 60
— — 'fibrillation' of - - - - - - 60
— — importance of lateral portion - 55, 58
— — nutrition of - - - - - - - - 56
— — repair of - - - - - - - - - 57
— — structure of - - - - - - - - 54
— — synovial fluid and - - - 53, 56
Ascaris lumbricoides in pancreatic duct: hæmorrhagic pancreatitis - - - 419
Ascending colon (*see also* Colon)
— — abnormal fixation of, general treatment 556

INDEX TO VOLUME X.

RABBITS, blood cholesterol of 355
— gall-bladder investigations in 352
Radiography (*see X* Rays)
Radium therapy in actinomycosis of right iliac fossa 462
Radius in diaphysial aclasis 562
— myeloid sarcoma of, case in which tumour is white throughout 322
— ununited fractures of 266
Rare or Obscure Cases:—
Acute hæmorrhagic pancreatitis: round worm in pancreatic duct 419
Bilocular gall-bladder 579
Calcified gland of unusual size giving rise to dysphagia 295
A curious hernia 155
Endothelioma of left kidney extending down the ureter and projecting into the bladder: death four months later 423
Fibroma of the stomach 581
Gummatous pancreatitis with physical signs resembling acute cholecystitis 293
Internal hernia following posterior gastro-enterostomy: with acute dilatation of the stomach as a sequence to reduction 577
Intestinal obstruction from hydronephrosis in a pelvic kidney 421
Large intraperitoneal (? parovarian) cyst disappearing after drainage 424
Large ureteral calculus 153
Metastatic melanoma of scapula 290
An obscure cervical growth 576
Pancreatic fibrosis obstructing common bile-duct and duodenum. Five years of active life after cholecystduodenostomy and gastrojejunostomy before death from cancer 303
Partial obstruction of pancreatic duct by round worms 421
Pelvic hæmatocele in a male, unnoticed until infected from the intestine 423
Primary jejunal ulcer 152
Removal of a pin from the third part of the duodenum 302
Ruptured sigmoid colon 425
Spontaneous rupture of a hydronephrosis 574
Torsion of the gall-bladder 301
Torsion of the hydatid of Morgagni 151
Two cases of rupture of the rectum communicating with the peritoneal cavity 304
Ulceration of the rectum, with perforation into the pelvic cavity, and prolapse of ileum per anum 299
Unusual complications in two cases of femoral hernia 297
RAWLING, L. BATHE: Remote effects of gunshot wounds of the head 93
Recklinghausen's (von) case of osteitis fibrosa of femur 490
Rectum, rupture of, communicating with the peritoneal cavity 304
— ulceration of, with perforation into the pelvic cavity, and prolapse of ileum per anum 299
Red marrow, distribution in the adult 236
— — site of deposition of cancer in bones 240
Renal tuberculosis 326
Resting juice in duodenal ulcer 408
— — normal stomach 406
— — pyloric ulcer 408
— — stomach after gastro-enterostomy 405
Re-suture of the peripheral nerves 216
Retropharyngeal abscess, chronic, diagnosis of branchial cyst from 571
Reviews and Notices of Books:—
Anæsthetics in practice and theory (J. Blomfield) 431
